Brief History	LZ No. 0022180 to provide services on data encryption NSD was established on November 3, 2010 by way of the merger of MICEX Settlement House (MICEX SH) – Russian largest non-banking credit organization, and the National Depository Center (NDC) – Russian largest settlement depository.		
	MICEX SH was established in 1996 as a financial institution to effect settlements in MICEX on-exchange markets, at that time including currency and government bond markets. In 1997 MICEX SH became a settlement center in the organized securities market, later providing settlements in the following markets organized by MICEX: the derivatives market, the share market, the market for corporate and regional bonds. In 2001 MICEX SH launched settlements of DVP deals in OTC market.		
	NDC was established in 1997 as a central settlement depository for the servicing of Federal securities. In 1998 NDC started operations with corporate, sub-federal and municipal securities. Having achieved a leading position in the market of debt instruments of Russian issuers, NDC increased the volume of transactions with shares, UITs'

2. On-exchange Trade Settlement
NSD pate on the pottlement demositery and any idea
NSD acts as the settlement depository and provides settlement services to Russia's major marketplaces -
MICEX, MICEX Stock Exchange, SPCEX SC.
NSD services 100% of transactions conducted in the
federal bond and the Bank of Russia bond markets, over
99% of trades on corporate, regional and municipal bond market, 100% of exchange trades with Russian equities
and other securities traded at MICEX and MICEX Stock
Exchange.
Cattlement of trades is done at the and of trading and
Settlement of trades is done at the end of trading and clearing sessions: trading system submits information on
trading participants' net obligations to NSD and claims for
processing.
NSD delivers settlement and safekeeping services for
securities listed on stock exchanges. The relevant
information is exchanged between NSD and the MICEX in
real time, which means that securities credited to a trading sub-account of a securities account with NSD are
immediately available for trading. NSD clients are able to
promptly trade securities, listed on stock exchanges,
transfer securities from one trading system to another.
3. OTC Trade Settlement
NSD settles OTC securities transactions on a free of
payment (FOP) or delivery versus payment (DVP) basis,
with payments made in Russian roubles or foreign currency.
conteney.
4. Issuer Services
NSD has a unique experience of working with issuers and
professional securities market participants and provides
issuers with assistance in raising investments on the Russian stock market.
NSD provides depository services for global certificates of bond issues. In so doing, NSD performs the following
functions:
- consults issuers and bond issue managers on the

matters of depository processing, including various corporate actions;		
<ul> <li>assists issuers in determining an optimal structure for new bond issues and efficient ways for servicing them;</li> </ul>		
<ul> <li>supports exchange flotation and OTC placement of bond issues;</li> </ul>		
<ul> <li>provides settlement of initial bond offerings on a free of payment or delivery versus payment basis;</li> </ul>		
<ul> <li>provides centralized safekeeping of global certificates of bonds;</li> </ul>		
<ul> <li>processes settlements, interest payments, and redemptions of bond issues;</li> </ul>		
- collects data and makes security holders' lists;		
<ul> <li>provides paying agent services, including the calculation, distribution, and coupon payments and principal redemptions for bonds.</li> </ul>		
NSD technology allows to promptly service not only Moscow but regional issuers: in 2003 issuers started to work with NSD using the electronic document interchange (EDI) system. Connection to NSD EDI system allows issuers to send instructions and receive reports on their accounts in electronic format.		
5. Information services
